

BHABESH SAHA

UI Technical Lead | Frontend Architecture & Engineering Leadership

+91 7337649639 | bhabeshhenasaha227@gmail.com | linkedin.com/in/bhabesh-saha-746498140 | Bengaluru, India

PROFESSIONAL SUMMARY

Technical Lead / UI Architect with 11+ years of experience (10+ years in front-end architecture and technical leadership) building enterprise-scale, scalable, maintainable UI applications across Financial Services, Healthcare, Enterprise CMS, IoT, EdTech and E-Commerce. Proven track record defining frontend architecture, coding standards, reusable component patterns and design system adoption across React.js, Angular and TypeScript. Experienced in leading code and design reviews, mentoring engineers, driving accessibility, performance and responsive design, and partnering with product, UX, backend, QA and DevOps teams to convert business needs into scalable technical solutions. Hands-on with CI/CD (Jenkins), AWS cloud hosting, Cypress test automation and Splunk monitoring for release readiness and production support. Actively applies AI tools (GitHub Copilot, Claude AI, ChatGPT) for coding, code review, refactoring, documentation and test generation, with practical understanding of context management, model selection and output validation for enterprise-safe AI usage.

CORE COMPETENCIES

- Frontend Architecture, Design & Coding Standards, Reusable Component Patterns
- UI Engineering, Design Systems, Shared Component Libraries & UI Consistency Governance
- Technical Leadership, Team Mentoring & Engineering Maturity
- Code & Design Review, Implementation Quality, Debugging, RCA & Performance Tuning
- CI/CD, Build Systems, Release Governance, Cloud Hosting (AWS), Monitoring & Logging (Splunk)
- Unit, Integration & Automation Testing (Jasmine, Karma, Cypress), UI Testability
- Accessibility, Browser Behaviour, Responsive Design & Performance Optimization
- Cross-Functional Collaboration: Product, UX, Backend, QA, DevOps & Architecture
- Applied AI for Development: Coding, Reviews, Refactoring, Documentation & Test Generation
- Backend Awareness: APIs, Node.js, SQL Server, PostgreSQL, AUTH/JWT Authentication & Authorization

TECHNICAL SKILLS

Frontend	Angular (v2–v18), React.js (v18/19), Next.js, JavaScript (ES6+), TypeScript, HTML5, CSS3/SCSS, Tailwind CSS, Bootstrap, Prime NG, Prime Flex, AG-Grid, jQuery, Micro-Frontends, Native Module Federation
State & Integration	NGRX, Rx JS, Redux, Context API, REST APIs, JSON, AJAX, OAuth, JWT
Design Systems	Reusable Component Libraries, UI Consistency & Component Governance, Responsive & Accessible Design
Testing & QA	Jasmine, Karma, Cypress (Test Automation), Unit & Integration Testing, UI Testability, Code Reviews
DevOps & Infra	CI/CD, Jenkins, Git, GitHub, JIRA, AWS (Cloud Hosting), Splunk (Monitoring & Logging), Release Governance, Environments
Backend Awareness	Node.js, SQL Server, REST APIs, Microservices Integration, Authentication & Authorization, Data Contracts
CMS	Adobe Experience Manager (AEM) Front-End Architecture, HTL/Sightly, Touch UI Dialogs, Client Libs, Content Authoring
Applied AI	GitHub Copilot, Claude AI, ChatGPT, Prompt Engineering, AI-Assisted Coding/Review/Refactoring/Documentation/Test Generation, Context Management & Model Selection, Output Validation

CAREER PROGRESSION

UI Developer → Senior Software Engineer → Senior Engineer → Specialist Lead → Technical Lead → UI Architect

PROFESSIONAL EXPERIENCE

Technical Lead – UI | SLK Software Services Pvt. Ltd., (Altimetric) Bengaluru

Mar 2025 – Present

- Act as technical owner for frontend delivery and quality, leading front-end architecture and UI engineering initiatives for enterprise applications using Next.js, React 18/19, Angular 18, TypeScript, Prime NG & Tailwind CSS.
- Define frontend architecture, coding standards, and reusable component patterns; design scalable UI components and modernize legacy applications to improve performance, maintainability and user experience.
- Guide the team on component development, accessibility, performance and responsive design; integrate AEM front-end components and optimize content authoring workflows for enterprise digital platforms.
- Review pull requests, designs and implementation approaches for quality and consistency; conduct code reviews and mentor developers on architecture, coding standards and engineering best practices.
- Support debugging, RCA, performance tuning and production issue resolution using CI/CD (Jenkins), AWS cloud hosting and Splunk for monitoring, logging and release readiness; drive Cypress-based test automation to improve UI testability.
- Manage Agile delivery, sprint execution, release planning and cross-functional collaboration with product, UX, backend, QA and DevOps teams; translate UX/Figma designs into responsive, accessible interfaces.
- Collaborate with US-based clients and stakeholders to define requirements, drive technical decisions and implement AI-assisted development practices (GitHub Copilot, Claude AI, ChatGPT) for improved productivity.

Technical Lead | Unified Infotech, Kolkata

Jan 2024 – Feb 2025

- Architected scalable web applications using Next.js, Angular 16/17 and NGRX, defining frontend architecture and reusable patterns for high-performance, maintainable UI solutions.
- Collaborated with clients and stakeholders to align UI strategy and technical risk decisions with business objectives.
- Established code quality practices through code reviews and CI processes; led front-end development for the Boards & Beyond enterprise learning platform for McGraw Hill.

Technical Lead – UI | SLK Software Services Pvt. Ltd., Bengaluru

Apr 2021 – Jan 2024

- Led UI/UX design and front-end development using Next.js, React.js (v17), Angular 14 and NGRX for enterprise applications, creating reusable components, wireframes and interactive interfaces.
- Integrated AEM front-end components and optimized content authoring workflows for digital platforms.
- Partnered with design and product teams to ensure consistent user experience, accessibility and responsive application delivery.

Engineering Tutor & Independent Consultant | Freelance Technical Tutor, Remote

Dec 2019 – Mar 2021

- Delivered customized training in computer science and engineering subjects for undergraduate students.
- Managed independent technical engagements while providing academic mentoring and support.

Specialist Lead | BOSCH India (RBEI), Bengaluru

Sep 2016 – Nov 2019

- Led front-end architecture and system integration for **Smart City IoT and Automotive Infotainment platforms**.
- Designed scalable UI solutions and collaborated with cross-functional teams to deliver enterprise-grade applications.

Senior Engineer | Tata Elxsi, Bengaluru

Jun 2015 – Jul 2016

- Developed scalable, high-performance web applications with optimized UI solutions for **Jaguar and Land rover** Car infotainment App for News and Weather App and enhanced user experience.

Senior Software Engineer | IGATE Global Solutions Ltd. (Capgemini), Bengaluru

Feb 2014 – Apr 2015

- Architected reusable UI components and developed enterprise for **GE healthcare applications**, enhancing performance and accessibility.

UI Web Developer (Freelance) | FLARMP Technology Pvt. Ltd (Freelance)., Hyderabad *May 2010 – Jan 2014*

- Developed responsive web applications and attendance tracking solutions with improved UI architecture, usability and performance for IGATE as an indirect freelancer.

KEY PROJECTS

FIS Retirement Income / *Technical Lead – UI | React 18/19, Angular 18, AEM, HTL/Sightly, SCSS, REST APIs*

- Led UI architecture and front-end development for enterprise retirement solutions with AEM-driven content integration and scalable React/Angular components.

Financial Wellness Platform / *React, TypeScript, JavaScript, Redux, HTML5, CSS3, Agile*

- Delivered enterprise UI solutions for financial wellness applications, collaborating with business stakeholders and US teams.

Boards & Beyond (Institutional Admin) – McGraw Hill / *Technical Lead – UI | Angular 16/17, Angular Material, SCSS, OAuth, JWT, Node.js, SQL*

- Developed an enterprise learning platform for US medical students with progress tracking and digital content delivery.

Presto PQT – Emerson / *Technical Lead – UI | Angular 15/16, Prime NG, Prime Flex, AG-Grid*

- Designed industrial automation interfaces for configuring and monitoring manufacturing valve systems.

GSM IoT Project – Emerson / *Technical Lead – UI | Angular 15/16, Prime NG, Prime Flex, AG-Grid*

- Built real-time IoT dashboards for shipment tracking, temperature monitoring and asset management.

Smart City Solutions & Infotainment – BOSCH / *HTML5, CSS3, JavaScript, Web Technologies, NodeJS*

Angular (6-9), React Js(16)

- Developed interactive dashboards for smart transport, face recognition, smart parking, weather alerts and automotive infotainment systems.

Jaguar Land Rover & Infotainment –JLR / *HTML5, CSS3, JavaScript, Web Technologies, Angular (2), HTML, CSS*

- Developed interactive dashboards **Jaguar and Land rover** Car infotainment App for News and Weather App and enhanced user experience.

GE-XRAY & GE-QUOTE & GE-AUDIT – GE / *HTML5, CSS3, JavaScript, Web Technologies, NodeJS Angular (2), jQuery*

- Developed interactive dashboards **Jaguar and Land rover** Car infotainment App for News and Weather App and enhanced user experience.

AWARDS & CERTIFICATIONS

- Team Impact Award 2026 – SLK Software Services Pvt. Ltd., for outstanding teamwork.
- Star Shining Award (2023) – Exceptional leadership and successful execution of the Presto PQT Project, SLK Software.
- Star Shining Award – Pioneering UI development contributions to the GSM IoT Project, SLK Software.
- Project Impact Award (2017) – BOSCH India, for driving UI execution for the Smart City IoT Platform.
- Project Impact Award (2018) – BOSCH India, for driving UI execution for the Smart City Transportation IoT Platform.
- Agile Scrum Certification
- Claude AI Certification (Internal / Udemy)
- GitHub Copilot / Generative AI Internal Certification
- Claude 101 Anthropic <https://verify.skilljar.com/c/3tnq3tx4b2v3>
- Claude Code 101 Anthropic <https://verify.skilljar.com/c/yg93v4za5w4e>

EDUCATION

- Master of Science (M.Sc.) – Information Technology, Central Queensland University, Sydney, Australia (2009)
- ELICO Program (English Language & Communication Program), Carrick Institute, Australia (2006)
- Bachelor of Technology (B.Tech.) – Information Technology, West Bengal University of Technology, India (2005)

ADDITIONAL INFORMATION

- Languages Known: English, Hindi, Bengali
- Location: Bengaluru, India | Open to Bangalore-based, **immediate** to **30-day** notice period roles
